Electricals

A
SERIES

Redefining. Reimagining.

Norms and rules aren't meant for the world of design. It takes an imagination like no other to start a trend. An idea drives the change and passion fuels the creation.

Welcome to **ARCUS**.

It's taking the world of switches to the next level.

Bid adieu to straight lines and welcome the brilliance of curves. A slight curve can make a massive difference to your interiors. Arcus switches give an arc like look that is unconventional.

Come, discover

arcus[™]
Fine Work of Arc

The Floating Look

Artistically designed ARC-like plates with a strong under-draft. **Arcus** plates are nothing short of a brilliant canvas. The curve creates a stylish illusion with all four corners suspended from the wall. Hence – The Floating Look. A stunning view that echoes brilliance and creates a stylish illusion, almost floating on the wall.

Lowrise Switches

Introducing Low Rise Switch Mechanism (LRSM) - Arcus switch mechanism is completely re-engineered to reduce the switch-knob rise whilst in on/off position giving it a more seamless look and reduces the protrusion.

Arcus switches come with Silent Rocker Mechanism (SRM) that considerably reduces the click (on/off) sound.

The Bezel Oomph

ARCUS plates enhance its beauty and exclusivity. Each with a bezel that gives it an exquisite effect. Whatever the décor, whichever the style and for every ambience, there is a perfect bezel to compliment it. Presenting three bezels to choose from.

Self Colored bezel: The Muted Look

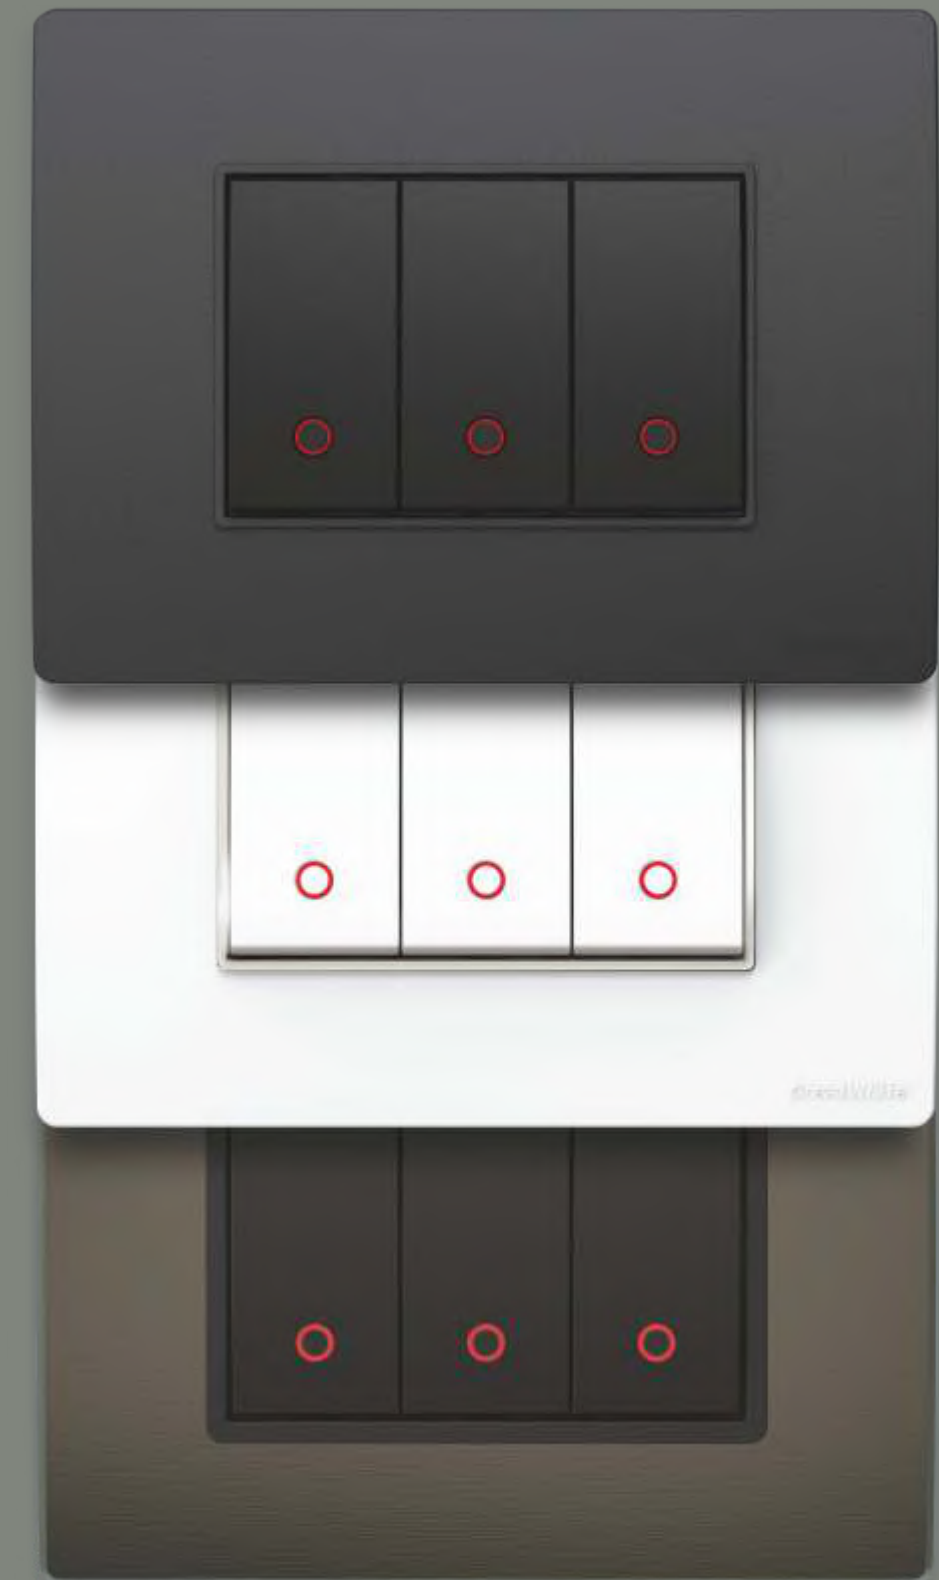

A seamless transition of colour from the switch to the plate. A perfect design for those who like it subtle.

Nickel bezel: The Bold Look

A bold highlight that adds a futuristic touch to the switch. Makes it appropriate for those who prefer décor with an edge.

Black Painted bezel: The Total Look

Black is timeless, classy and enigmatic. Black bezel enhances the switch and accessories. Whatever your choice, each creation is set to change the look of your wall.

The Form of Transformation

Every piece of art needs an artistic touch. Explore the different effects that are exuded by **Arcus** plates. Available in Techno Polymer, Metal and Glass Finishes, each switch plate is designed to awe and impress which curves gently and elegantly to create a stylish floating look.

ARC Glass Plate

- 1 Glass ARC White (Nickel Bezel)-G21
- 2 Glass ARC Matt Black (Nickel Bezel)-G22
- 3 Glass ARC Matt Blush (Nickel Bezel)-G23
- 4 Glass ARC Glossy Black (Nickel Bezel)-G24

Liquid Glass Finishes

The sleek Liquid Glass plates enhance the decor with their elegant and stylish look. Brilliant white and classy black plates make them the perfect choice for classic and contemporary homes. Our desire to create something extraordinary comes true with Matt Blush and Matt Black Plates. Their gentle look and elegant finish are tailored to enhance the beauty of your spaces.

ARC Metal Plate

- 1 Metal Arc Black (Black Bezel)-M11
- 2 Metal Arc Champagne (Nickel Bezel)-M12
- 3 Metal Arc Brown (Black Bezel)-M13

Metal Finishes

The striking beauty of the metal finished plates with an elegant finish is sure to dazzle you. Its sleek design adds finesse to living spaces.

Techno Polymer

- 1 TP Arc White - T01
- 2 TP Arc White (Nickel Bezel) - T02
- 3 TP Arc Metallic Grey - T03
- 4 TP Arc Matt Gun Metal - T04
- 5 TP Arc Matt Bronze - T05
- 6 TP Arc Matt Black - T06

Techno Polymer Finishes

Made using high grade engineered plastic, available in virgin plastic colours along with painted colour variants.

arcus[™]
Fine Work of Arc

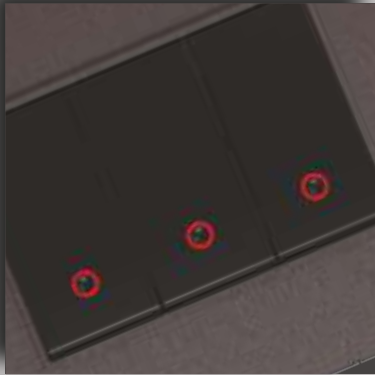

Opposite shades of brilliance

Monochromatic colors are in and will continue to trend in the design world. Keeping up with this trend, the Arcus accessories are in two shades – **majestic matte black** and **elegant glossy white**. Two classics yet contemporary colors that never go out of style and neutral to any décor of a room.

The Devices

Each Arcus device is a statement piece, created to convert every wall into a masterpiece.

arcus[™]
homeautomation

Art of Automation

Some call it science; those who admire the beauty in everything call it 'The Art of Automation'. No matter how it is addressed, it truly makes your life easy. It is a veritable genie that you just have to command and behold your wish being fulfilled. A perfect blend of luxury, convenience and comfort - **Arcus Home Automation** is destined to transform lives. These super friendly modular and retrofit devices are perfectly compatible with Android (Alexa) and iOs (Apple Home kit). With built-in Wi-Fi connectivity, it is programmed to respond to your Voice & touch.

Now all you have to do is ask & curtains will open and shut, electrical devices will be regulated, lights will follow your moods and lots more. Distance does not matter. You can control your household electrical devices from anywhere, at any time via the built-in app.

Scene Controller

IR Blaster

Distinctive features to ease your lifestyle

Home is a place where one experiences utmost relaxation and deserves slight pampering. Arcus home automation makes your life simple with astounding features such as switching and dimming, mood lighting, controlling blinds, managing home entertainment systems and more. Keeping up to the expectations, all these attributes ensure convenience and luxury in every sense.

Revolutionize your home

Experience the power of cutting - edge Home Automation technology with **Arcus Home Automation**. With Arcus, we believe in exploring ideas that truly enlighten us and transform lives. The **Wi-Fi switches** allows you to control your home electrical devices from anywhere anytime via an app, touch and voice commands.

Smart solutions for hospitality businesses

Arcus our wide range of modular switches and accessories are especially designed for the **hospitality industry**. With a perfect blend of design and functionality, **Arcus** lends more grace to interiors while making life easier. A fine work of Arc, it is designed to meet the highest standards of beauty and deliver a truly luxurious lifestyle.

Since our inception, we have been striving to provide an extraordinary lifestyle through revolutionary products in the home electrical space.

We started our journey with a vision to make comfort and luxury a reality. With passion, relentless efforts and commitment we have developed quality and innovative solutions. We are proud to be honored as the 'World's Best Brand of the year 2017-18' for South East Asia. In the year 2022, we have bagged 'The Pride of India Brands' award in the home electrical category at the Best of Bharat Awards 2022 hosted by Exchange4Media. With the latest addition we have added another feather in our cap by being awarded as the 'Most Trusted Brands Of India' as an outstanding Home electrical solution provider by Marksmen daily Group.

With extensive research and development, we have developed products that are a perfect blend of design and technology. All GreatWhite products are crafted to perfection at our two state of the art manufacturing facilities that are over 2,00,000 sq. ft. and 3,00,000 sq. ft. respectively. To provide an extraordinary lifestyle, we have developed revolutionary products like new age Switches, LEDs, Fans, Home Automation, Wires & cables, Switchgears, Sensors and more.

At the heart of GreatWhite lies Innovation, luxury and passion. At GreatWhite, we leave no stone unturned to raise the quality of life and therefore, we create solutions that harmonize design and technology.

Join us in our journey of luxury indeed in the journey of Great.

switch moods WITH A TOUCH

A warm and cozy setting for the book lover. A soft, mellow vibe for those unwinding front of the TV. An intensely intimate ambience for the romantic at heart. What ever mood you imagine, the Myrah touch dimmer responds with perfect lighting

Specifications:

- 8-step linear speed
- Intuitive finger control
- Operating voltage - 230V
- Operating frequency - 50Hz
- Max load

WITH **world class** SPECIFICATIONS

To match the requirement of the new age hotel room- these switches let guests make their preferences known to hotel staff and visitors. Imagine a switch that lets you go from 'Do Not Disturb' to 'Make my Room' in the blink of an eye! A master switch or a light symbol cluster makes it a delightful indulgence for the hotel guests - An intelligent investment for the hospitality industry

Eikon Chrome

Arké

A new way of experiencing household energy. With all the quality expected from Italian-made goods. Designed today for the needs of tomorrow, Arké is Vimar's solution for current demands: a simple yet up-to-the-minute, long-lasting range that plays a concrete, intelligent role in our daily lives.

Arké Classic

Arké Classic

Arké Round

Arké Round

SOLUTIONS FOR HOME

A full range featuring the state-of-the-art technology and style that Italy is renowned for the world over. Groundbreaking solutions to intelligently manage all indoor and outdoor devices and make your home the most comfortable and safest place to live.

Control

For a total supervision of the entire house, even remotely via PC, tablet or simply with a smartphone, to manage scenarios, lighting, automation and control the temperature.

Comfort

Management of temperature, lighting and for each environment.

HOME
AUTOMATION

Sound system

Independent music management in every room in the home.

Energy efficiency

Management of the electrical loads and control of the consumptions.

Safety and Security

Supervision of the burglar alarm system and technical alarms.

12
13

by-me
home automation

Radiofrequency

Radiofrequency devices for the home automation and lighting control, they are easy-to-use and ecologic: the EnOcean technology is their heart and enable the green energy for the activation of the buttons. And then: no battery, no cables and environment protected and contribute to energy saving.

Video entry

State-of-the-art technology and cutting-edge design.
A comprehensive range of products with something for every
interior, whatever the style, and full control of what's happening
outside the building.

SOLUTIONS
FOR BUILDINGS

FOUR AESTHETIC DIMENSIONS.

Elegance, excellence, value: there's no such thing as a single idea of luxury. Luxury is a dimension with many interpretations, all in constant evolution. And if we're talking about energy, this dimension is Eikon. Every concept of luxury finds its perfect expression in Eikon: technological, chic, sophisticated, essential. Four product lines with different dimensions, finishing and functions, but sharing one common denominator: controlling energy superlatively.

EIKON TACTIL

THE FUTURE TAKES SHAPE

LUMINOSI

CRIYTAL

Diamond black

Diamond white

A discreet and timeless allure plus a nonchalant elegance that effortlessly adapts to every context. In seductive hues housing perfect technologies.

CRIYTAL

Aqua

Pearl grey

A shining choice, with the harmony of diamond white, the purity of diamond black, the delicate shading of aqua and the timeless mystery of pearl grey.

EIKON EVO

LUXURY UNVEILED

PRIMARI

ANODIZED ALUMINIUM

Brillant aluminium

Next grey

Neutral bronze

Dark bronze

Lava grey

With their innate stylishness and unfailing allure, they triumph by projecting unpredictable kinds of sobriety. Presences at once discreet and prestigious, lines both tasteful and confidently defined. These are the five different shades of anodized aluminium.

ESCLUSIVI

REFINED ALUMINIUM

Silver

Titanium

Polished gold

Satin gold

Black sapphire

Highly original appearances, noble personalities, irresistible appeal. Rare and therefore precious temperaments: the five declensions of enhanced aluminium need only one glance to assert their priceless values.

SCOLPITI

CARVED STONE

Carrara white

Grey quartzite

Natural split slate

Strong and determined, they reveal themselves in all their solemn physicality. Rigorous by nature, they prefer bold cuts without compromising their richness and refinement. These are the three basic character traits of worked stone.

NATURALI

SOLID WOOD

White oak

Italian walnut

Wengé

Natural wood projects vitality and immediately transmits a pleasurable sensation of calm and warmth. Simple natural qualities that permeate their appearance... always uniquely unrepeatable... the triple essences of solid wood.

LUMINOSI

CRYSTAL

Silver ice

Bronze mirror

Diamond white

Aqua

Pearl grey

Opal brown

Diamond black

Imbued with mysterious energy, crystal exerts a spell of purity and splendour like nothing else. Wrapped inside its luminous and delicate appearance lies unequalled vigour and strength. These are the essential features of all seven of the different treatments used on crystal.

RAFFINATI

NATURAL LEATHER

Cream

Tobacco

Pure appeal. The delicate harmonious shapes highlight the marriage of sophistication with genuine naturalness. A beauty with a life of its own, immune to passing time, is evident in both these varieties of leather.

SPECIALI

CORIAN®

Glacier ice

An eclectic personality with the ability to enhance any room by its mere presence. The embodiment of high performance, innovation and intrinsic strength, this is a material that seduces through shining colours which signal its cutting-edge hi-tech content.

ESSENZIALI

TOTAL ALUMINIUM AND CRYSTAL

Total white

Total black

Total white diamond

Total black diamond

28

29

Like day and night: opposite but inseparable extremes, differently but matchingly absolute. In perfect equilibrium with their surroundings, they generate clean and clear harmonies. There are four such partnerships between aluminium with crystal: a quartet of elegant variations on a universal theme.

EIKON CHROME

DAZZLING DETAILS

REFINED

REFINED METAL - CLASSIC

Satin gold

Satin nickel

Polished gold

REFINED METAL - ROUND

Satin gold

Satin nickel

Polished gold

Satin chrome

Seven different switch plate variants, both matt and shiny, match any style of furnishing. Nobility of character and immediacy, evoking an unmistakable feature: sheer excellence.

WOOD

SOLID WOOD - CLASSIC

African wengé

White oak

Italian walnut

SOLID WOOD - ROUND

American cherrywood

White oak

Italian walnut

32
33

The warmth of the best woods slips easily into modernity, being a material with a versatile temperament: three different shades both for the formal rigour of Classic and the rounded lines of Round

INOX

STAINLESS STEEL - CLASSIC

STAINLESS STEEL - ROUND

Brushed inox

Brushed inox

The icy perfection of steel is expressed in two versions where only the shape changes. Natural brushed steel is the material for both Classic and Round, projecting a brightly uncompromising personality.

GLASS

CRYSTAL - CLASSIC

Black ice

White ice

Silver mirror

34
35

An image of sophisticated discretion: exclusive procedures produce the fire-shaped crystal in the Classic style. In three traditional colour variations: black, white and silver. But the class of glass is simply evergreen.

VARNISHED METAL - CLASSIC

Matt anthracite

Arctic white

Matt silver

VARNISHED METAL - ROUND

Matt anthracite

Arctic white

Matt silver

White for purity, anthracite grey for modernity, silver for allure. And again, clear sharp lines or soft curves. Whatever the context, Eikon Total Look contributes to any space with its discreet and decisive present-day presence.

EFFICIENCY

FOR COMFORT

3-module touch screen

Universal dimmers

Timer-thermostat

Modular lights

Touch-technology devices that manage to transmit wellbeing like music through every room, universal regulation for lighting – including colour variations – timer thermostats programming temperature hour by hour and room by room, and modular lights for every situation. Efficient technology at the service of your comfort.

SURPRISING

MULTIMEDIA OPTIONS

3-module touch screen

Docking station

USB, HDMI, RCA sockets

Eikon Tactil device for sound system

Connecting with the outer world, or simply providing enjoyment: technology is also about pleasure. Eikon can guarantee exceptional multimedia performance via an extensive and superlative sound system, a wide range of inputs for data, sound, video and USB, and compatibility with iPod, iPhone and mp3 devices.

Contemporary design.

Intuitive, advanced functions.

Home automation simplifying home management.

Design: simple lines, contemporary favour.

Fashions change, continuously. But, today more than yesterday, we feel the need to be less fickle, and more concrete. We surround ourselves with simple, current and long-lasting objects, like Arké: designed in the present, for the future.

CONVEX BUTTONS.

A pleasant feeling ergonomic shape, only slightly perceptible to the eye, accompanies the controls.

LARGE PROPORTIONS.

Large sized surfaces that underline shapes and materials.

TWO DESIGNS.

Arké Classic: rigorous and linear.
Arké Round: soft and sinuous.

FINISHES AND COLOURS.

Materials selected to last, colours chosen in harmony with contemporary style.

Functions: intuitive technologies, evolved performance.

No waste: a principle that is changing our lifestyles. This is why we choose objects that help us to optimise our time and our energies. Like Arké: reliable and precise, with functions and controls that make our everyday gestures easier.

UNIVERSAL DIMMERS.

Latest-generation controls to adjust the intensity of LED and low consumption (CFL) lights, to combine savings and comfort.

CONTROL FUNCTIONS.

Lighting, climate, security, entertainment, communication: special devices control and supervise every activity.

AXIAL CONTROLS.

Modern, reliable technology, for buttons that represent a further variant to traditional controls.

BACKLIGHTING.

The buttons are back-lit by LED technology and the night&day symbols clearly indicate the functions.

MODULAR VIDEO DOOR ENTRY SYSTEMS.

A function that can be included in the electrical system to communicate with the outside world, rapidly and effectively.

ARKÉ APPEARS.

Two designs inspired by the principle of simplicity: the cover plates are divested of all superfluous decoration, defining a new energy model. Arké Classic: rational shape, linear profile and clean corners. Arké Round: sinuous surface, slightly curved with soft corners.

ARKÉ CLASSIC. Matt blue.

ARKÉ ROUND. Blue.

ARKÉ CHANGES.

Two button and control versions: the natural elegance of anthracite grey and the luminous soberness of white. Arké can be dressed in the colours that best suit your home, with no limits to the possible combinations, for an integral or two-tone look.

Anthracite grey buttons, Classic cover plate, matt graphite.

White buttons, Round cover plate, matt polar.

ARKÉ DISPLAYS.

Materials selected according to criteria of resistance and modernity. Produced with attention to the typical finishes of Italian made goods. Treated with eco-friendly processes, co-moulding with excellent finish, wear-proof painting. And associated to a wide range of colours, allowing you to choose the combination that suits your living space.

METAL-COLOR - VARNISHED METAL

Cover plates in painted zamak, a particularly resistant material that gives Arké an even more technological appearance.
In six different varnished colour variants, to make colour a key feature.

Classic - 01 Matt graphite

Classic - 02 Matt slate

Classic - 03 Silver

Classic - 04 Matt titanium

Classic - 05 Matt pearl

Classic - 06 Polar

Round - 21 Matt graphite

Round - 22 Slate

Round - 23 Matt silver

Round - 24 Matt bronze

Round - 25 Matt pearl

Round - 26 Polar matt

METAL-ELITE - REFINED METAL

Another version of processed zamak; the PVD treatment maintains the features of the material and increases its chemical and physical resistance. In four exclusive colour shades.

Classic - 07 Gold

Classic - 08 Brushed inox

Classic - 09 Black chrome

Classic - 10 Black nickel

Round - 27 Gold

Round - 28 Chrome

Round - 29 Dark nickel

Round - 30 Matt nickel

ALU-TECH - ALUMINIUM

Modern and technological, deep-drawn aluminium underlines the contemporary flavour of this range.
In two colour shades that enhance its texture: natural and lava.

Classic - 15 Aluminium

Classic - 16 Lava

WOOD - SOLID WOOD

Warm, strongly material cover plates: five different types of solid wood chosen for their finish, luminosity and natural qualities.

Classic - 41 Wengé

Classic - 42 Cherrywood

Classic - 43 Larch

Round - 51 Walnut

Round - 52 Cherrywood

Round - 53 Maple

REFLEX PLUS - REFLEX

A shiny material with a special icy effect. Six colours: from the full-bodied caramel and deep blue to the lighter shades of sage and smoky grey.

Round - 61 Smoke grey

Round - 62 Caramel

Round - 63 Orange

Round - 64 Marine blue

Round - 65 Sagegreen

Round - 66 Ice

COLOR-TECH - PAINTED TECHNOPOLYMER

Technopolymer with a special painted finish. Makes the colours shine with elegant brightness.
The energy of red, green and blue, the preciousness of gold and silver.

Classic - 75 Matt red

Classic - 76 Matt blue

Classic - 77 Matt green

Classic - 78 Matt gold

Classic - 79 Matt silver

Round - 85 Red

Round - 86 Blue

Round - 87 Green

Round - 88 Antique gold

Round - 89 Silver

TECNO-BASIC - TECHNOPOLYMER

A simple, strong material, with satin finish for Classic cover plate that Arké associates with elegant yet sober neutral colours.
From black to white, passing through the warmer shades of grey and ivory.

Classic - 71 Black

Classic - 72 Grey

Classic - 73 Ivory

Classic - 74 White

Round - 81 Black

Round - 82 Grey

Round - 83 Ivory

Round - 84 White

ARKÉ CONTROLS.

Switch on a light, open a door, lower a shutter: everyday actions that Arké makes more pleasant and immediate. Thanks to the precision of its axial controls; the clarity of the night&day symbols that indicate the various functions, the LED backlighting. Different types of controls for practical management, like the infrared remote control. And extended modularity that guarantees the fullest installation freedom.

CONTROLS FOR EVERY NEED.

One or two module buttons that can be customised and back-lit for a bespoke control system.

TRADITIONAL CONTROLS.

Different modularities and customisable symbols to indicate every function.

INFRARED CONTROLS.

To practically manage lighting and shutters with a special remote control.

AXIAL CONTROLS.

Reliability meets appearance, in this latest-generation technology which maintains the buttons aligned. Every control can be customised with screen-printed and back-lit symbols.

ARKÉ ILLUMINATES.

High-efficiency light sources, optimised for different uses: so lighting gets where it needs to be, with no waste. Automatic modular lights, step markers, warning lights and removable emergency lamps that light up in the event of a black out. Every device uses latest-generation LED specular transparent diffusers. For a truly brilliant performance.

STEP MARKER LAMPS.

LED devices that light up access routes, corridors and stairways.

WARNING LIGHTS.

To warn of an open gate, a light or other function left on.

TORCIA, REMOVABLE HAND LAMP.

A portable emergency light, that comes on instantly in the event of a black out.

LIGHTING FITTINGS.

High-efficiency light sources, in a range of modularities and dimmer functions to create the perfect atmosphere, every time. As well as emergency devices that come on in the event of a black out to guide you safely in the dark.

ARKÉ SAVES.

Top comfort and energy savings: this is possible, with Arké. Universal dimmers adjust the intensity of LED and low consumption (CFL) lights to create the perfect atmosphere. Timer-thermostats and timer-switches are used to automatically or manually set the ideal temperature and other functions, to avoid waste. And the radio-frequency, wireless and battery-free technology allows the system to be extended with no brick work, adding new lighting points where you need.

TIMER-THERMOSTAT.

The temperature is programmed, supervised and modified quickly and easily.

TIMER-SWITCH.

At the set times, the air conditioning or irrigation comes on even if nobody is at home.

RADIO FREQUENCY.

For installing new devices, anywhere, even on wood or glass walls.

UNIVERSAL DIMMERS.

Used to adjust the brightness of even LED and low consumption (CFL) lights.
So savings and the perfect atmosphere go hand in hand.

Home automation: optimised energy, simplified management.

Energy is precious, and we take increasingly more care over how we use it: we prefer technologies that reduce consumption. Arké, with the By-me home automation system, prevents energy waste and makes it easier and quicker to manage all the rooms in the home.

CONTROL AND COMFORT.

Coordinated functions create relaxing scenarios: lighting, climate, speaker system are all managed easily and in a customised manner.

ENERGY SAVING.

Functions that allow you to monitor consumption in real time and have a precise picture of the energy profile of your home.

SECURITY.

Technical and intrusion alarms: with By-me, everything is under control and serenity spreads throughout the home.

TRIVO[®]
LASTS A LIFETIME

 **GreatWhite**[®]
Electricals

ENHANCED FEATURES.

UNMATCHED PERFORMANCE.
JUST LIKE YOU WOULD LOVE!

Behind every Trivo switch are great minds that built it to perfection. So you can install it hassle free without destroying much of your existing switch space. Engineered to perfection, every Trivo switch is high on quality and robust to last really long. Sit back, relax and watch the switches get easily installed!

ROBUST. DURABLE. SAFE.

ENTIRE RANGE OF TRIVO IS CAREFULLY DESIGNED AND CRAFTED TO PROVIDE COMFORTABLE AND AESTHETIC EXPERIENCE FOR LIFETIME.

STURDY UNDER-GROOVE
ADDS STRENGTH TO THE FRAME FOR FIRM
AND SECURED INSTALLATION.

HONEYCOMB FRAME

A CLOSELY KNIT GEOMETRY INSPIRED BY THE NATURAL ARCHITECTURE OF A BEEHIVE THAT PROVIDES STRUCTURAL STURDINESS AND STRENGTH TO THE WHOLE ASSEMBLY.

SHUTTER-SOCKETS

BUILD FOR SAFETY. ALL LIVE PARTS ARE HIDDEN, WHICH OPENS ONLY WHEN A PLUG TOP IS INSERTED.

METAL INSERTS

ADDS RIGIDITY AND STRENGTH TO THE LARGER FRAME SIZES FROM 6 MODULES AND BEYOND.

**Enhanced beauty.
Ahead in technology.**

A TOUCH OF ART FOR YOUR WALLS.

A switch that's more than just a device to turn on and off the lights and fans.

Perfectly blends with your wall colour and designs, to bring out the beauty of the switches. With zero alignment issues and infinite innovative possibilities, so your walls come alive, in true artistic brilliance.

**REPRESENTS FUTURE.
STANDS ETERNAL.**

FIANA EVO PLATES

New to the town, yet already making a statement are Fiana Evo plates. Every wall becomes a masterpiece when the chic chrome bezel of the plate imparts its charisma and oomph into the living space.

FIANA TWIN PLATES

Double the elegance of your home decor with a clean and non-obtrusive style of Fiana Twin Plates. These borderless plates retrofit easily onto your existing wall boxes combining functionality with style, allowing a sleek and low-profile appearance. Fast-moving and regular, but not so ordinary when it comes to its extensive colour range of 6 magnificent shades.

FIANA F-WOOD

Say bye to your regular, traditional Non Modular switches and welcome the modern, classy and elegant Fiana F-wood. Bringing convenience at your fingertips, as it is designed to fit your already installed wooden boxes. The sophisticated and subtle look given by the two available shades makes it easier for the switches to blend into any decor.

**FASHIONS VIBRANCY.
BEAUTIFULLY SILENT.**

SRM
Silent Rocker
Mechanism

Experience the silent perfection with **SRM (Soft Rocker Mechanism)™**. The advanced gliding rocker mechanism is a quiet chase to dramatically revolutionize the electrical world. Unique to some GreatWhite switches, this groundbreaking technological transcendence embraces the beauty of silence leading to quieter on/off sounds.

**DESIGNED DYNAMICALLY.
FUNCTIONS SMOOTHLY.**

DDS
Dynamically
Designed Socket

The **DDS (Dynamically Designed Sockets)** of Fiana are a smooth killer of loose connections. Get a firm grip on the longevity of the switch through its smoothest functionality of removal/insertion. Each part is individually designed and backed by a spring-like material to collectively guarantee 2-lakh clicks.

BUILT STRONG. OPERATES SMART.

ARC SHIELD

Fitted with a unique arc shield with extra firm locks, every switch has a larger contact area to ensure easy flow of current and reduced spark visibility.

SAFEST SOCKETS

Redesigned for easy gliding and plug insertion to result in effortless make-and-break contact and a firmer grip. Each switch is crafted with PBT featuring a high melting index to combat thermal fluctuations.

ADVANCED GLIDING CONTACT

Switches fitted with a plunger made of self Lubricating Plastic engineered specially to enable smooth gliding action.

SHROUDED TERMINALS

Prevent accidental shocks by the terminal to the finger.

SAFEGUARDS INSTANTLY. SHINES LIMITLESSLY.

COLLARED SWITCHES

Perfectly complements your wall with bold borders and zero alignment issues, enhancing the aura of the room effortlessly.

EVERLASTING ELEGANCE

A shade of brilliance with a touch of genius, a pure white, unlike any other, that stays whiter for longer. A universal accompaniment to all styles of decor, the switches lend themselves beautifully to every wall.

POLYSHIELD PROTECTED

Crafted from a special polycarbonate Polyshield, each switch has UV stability and is safeguarded from external environmental factors.
